

# Learning Team News

October 20th 2017

This half term the Learning Team have:

Looked at all the classes and their resources and we have decided that each class needed their own individual set of maths resources, which have already been handed out. We have decided that we need new lunch tubs, as some of them are dirty and broken. We are trying to make English even more fun. We have thought about what went well and what we could improve on, to help our learning.

What did we really like?

We really liked that everyone was enthusiastic and listening attentively to the teacher. We also liked that there are lots of English tools to help us with our learning. We liked the fact that everyone was engaged with their work and they were all concentrating well, and having fun.

## Improvements

Since giving our feedback, the following improvements have been made:

We now have new lunch-tubs, maths resources, and we are trying to make English even more fun by making the resources more colourful and child-friendly. We are also trying to use the Wonder Wall more.

## What we plan to do next:

We are continuing to complete Learning Walks and think of ways to make our school a better and happier place to be.

We are also planning on having a meeting to discuss how we can make our non-negotiable sheets more child friendly.
