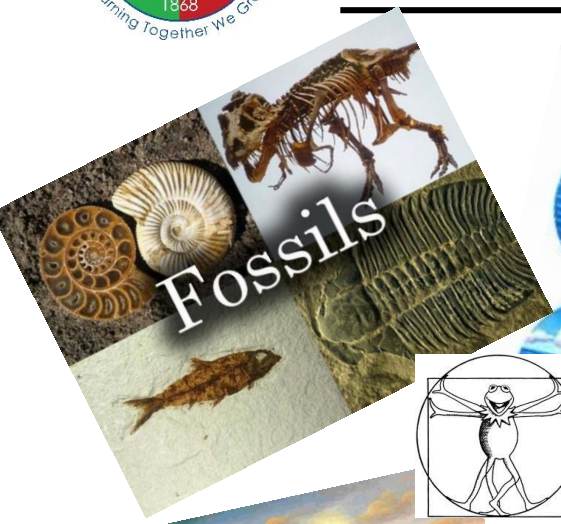
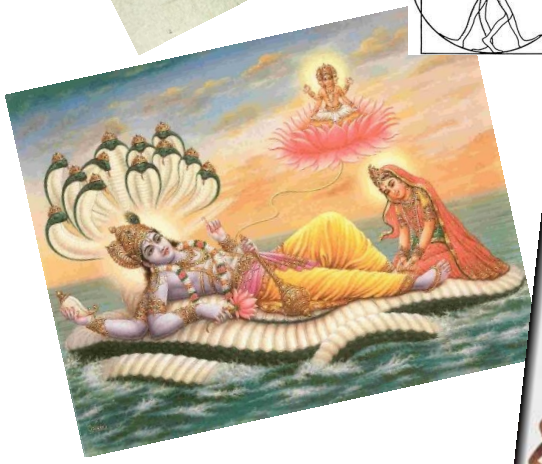
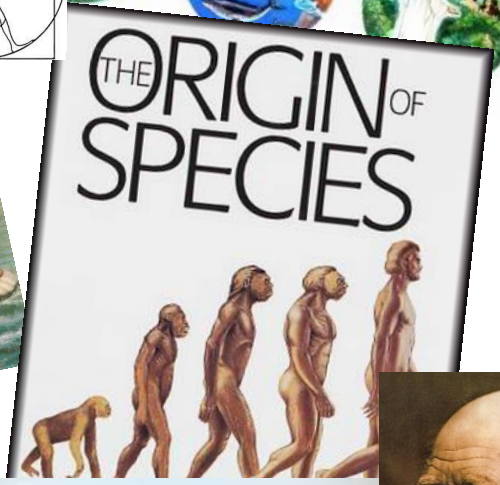
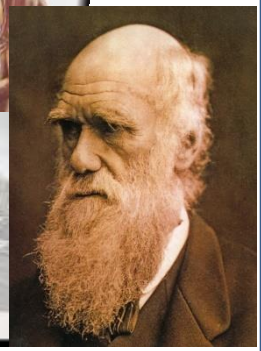
Year 6 Autumn 2017

Origin of Species









Frimley Learners

Learning together and independently – We will be challenging ourselves to understand how Creationism and Darwinism can work alongside each other.

Enthusiastic – We will look at how historians and scientists develop their views through new discoveries around the world.

Ambitious – We will be creating our own stop motion animation to demonstrate evolution.

Resilient – We will be investigating fossils and their influence on the theory of evolution.

Naturally Curious – We will be learning all about the origins of our species and how plants and animals adapt to their surroundings.

Enterprising – We will be creating our own animals that can adapt to different habitats.

Risk taking – We will be exploring our creativity to develop dances to perform, demonstrating evolution.

Self-aware – We will be developing our understanding of inherited and acquired traits and how this makes us who we are.
