

# Year 4 Newsletter

## Maths

In maths we have been learning about addition and subtraction. To help us we have used place value counters and charts, diennes and cubes when solving column addition and subtraction calculations. We have enjoyed using the resources available in class.

## Harvest

On the 4th October, Year 4 went to St Peter's church to perform a play to celebrate harvest, called The Little Red Hen.

In the afternoon, a sea of blue jumpers walked in groups to St Peter's church to watch Year 4 perform their well-rehearsed play.

Respectfully, the rest of the school watched as we sang our songs and acted the story along with singing a few hymns.

We gave thanks for all that we have and thought about those less fortunate. Mrs Wright congratulated us on our spectacular show. Everyone was very impressed with our performance as they gave us all a huge round of applause.

Finally, we all walked back to School feeling very proud to have represent our school so well.

## Hobgoblin Theatre

On Monday 11th September, the Hobgoblin Theatre company came to year four. They acted a Greek myth called Perseus. It was very action packed for only three people! We had two breaks, where the actors told us about the characters in the story and what they are like. I learnt a lot from them!

The story of Perseus is about a man called Perseus who gets sent on a quest by the evil King Polydectes. It was near impossible, to bring the head of the legendary gorgon Medusa. So Perseus cuts the head off (it can turn you to stone) and goes back to the evil King and turns him to stone.

Before long, we played a game where our partner modelled us like a ball of clay. Finally, we made screenshots with our groups. Will this be the last time they visit? Hopefully not!
