

SPORT PREMIUM FUNDING

FRIMLEY CHURCH OF ENGLAND JUNIOR SCHOOL

2017-2018

At Frimley Church of England School, we encourage children to lead healthy, active lifestyles and provide many opportunities to take part in competitive sports within Surrey Heath. Our vision for the development of Physical Education at Frimley is to provide a high quality learning experience which will aim to develop the whole child, in line with our core values and learning attributes.

We have welcomed the government's decision to extend the sports premium funding, designed to improve provision of PE and sport in primary schools, until 2020. This funding has now doubled for the 2017-18 academic year; we will receive £16,000 plus £10 per pupil.

The PE and Sports premium funding is ring-fenced, which means that it can only be spent on improving PE and Sports provision in schools. The funding available to us for the 2017-18 academic year amounts to £19,240 and will be released in two installments – one in the Autumn Term and one in the Spring. Funding for academic year 2016-2017 was £9,602 (plus £3951 carry forward).

Since I took over as PE Leader in September 2016, I have been working on the three key areas which had been previously identified for consideration in relation to the funding:

- The teaching of Physical Education;
- Competitive Sport;
- Healthy and active Lifestyles.

As a school, we are free to decide how we wish to spend our allocated funding to improve our provision. Below is a break-down of how the funding is being applied to the aforementioned areas.
