# Join SHYC!!!

Hi there! We are the Surrey Heath Youth Council, a group dedicated to representing the voices of young people in Surrey Heath. We're looking for you to join our group and share your views, opinions and unique talents. The Youth Council needs people with all sorts of skills such as organising, fund-raising, IT, web, graphics and design, video, running meetings and presenting. It's also a great way to learn some of these skills.

## What do we do?

The SHYC work on projects to improve our area for all young people. It's a chance to share your thoughts on the local area and take part in exciting initiatives. In the past we have trained Anti-Bullying Ambassadors, run an Anti-Stigma Conference, met with local councillors and shared workshops on Curriculum for Life.

## What's involved?

- SHYC meets weekly on Thursdays during term time. Our meetings are about working on projects and having fun.
- Taking part and developing your skills is a big part of the SHYC
  - We often go on fun training residentials
