

Frimley Church of England Junior School

17th September 2020

Dear Parents,

At Frimley, we will soon be producing a promotional video to be used to share with prospective parents as part of our forthcoming virtual Information session and virtual School Tour. We are so proud of Frimley and it is such a shame that prospective parents will not be able to come in to see us in action this year. We are therefore trying to produce a film that captures what makes Frimley such a special school to be part of.

We are now seeking your permission to confirm whether or not you consent to your child featuring in our school's promotional video. It will be shared on our website, with all interested families and on the school's Twitter page.

No pupils will be named in full.

Please click on the link below to confirm whether or not you give consent. The deadline to reply is Wednesday 23rd September.
