

Year 3 Autumn 1 Newsletter

By 3W

In English, we wrote about the True Story of the Three Little Pigs- like the classic fairytale but told from the Wolf's side! We also read 'Star in a Jar' which was about a boy called Tom who found a lost star that had fallen from the sky. We made our own 'Stars in jars' and stargazed under the 'starry sky'.

In Maths, we have been working on using the column method for adding and subtracting up to 3 digit numbers. We have been using lots of resources like Place Value counters and Dienes to help us with our counting.

Our topic this term was all about 'Dragons'. We looked at rural and urban environments and discussed where we think a dragon would most like to live. We also did lots of pencil sketching and made dragon eyes using paint, water pastels or felt tips. They turned out amazing!

In PSHE, we have been learning about our health and wellbeing. We did lessons about different types of families, what makes a good friend and road safety. We made posters about how to keep ourselves safe near the road.

In PE, we get to lots of fun games and tricks in Football. We had Coach Rob come in to help us with our football skills in some lessons. We learnt how to control, dribble and pass the ball and played an Interhouse tournament at the end of term.

In Science, we learnt about what makes a fair test. We did an experiment to test whether a ping pong ball or a tennis ball would roll furthest down a ramp. We planned and did the test in groups. It was quite difficult but we got there in the end!

In RE, we learnt about the Christian and Islamic creation stories, sharing similarities and differences between them. We worked in pairs to represent one day of the Christian or Islamic creation story using paper plate artwork. We also looked at Stewardship of Earth and made posters to remind others about how to look after the world.
