

By George B and Isla W

# Year 3 Autumn 2 Newsletter

In **English**, we have been focusing our writing on 'George and the dragon' and the Christmas film clip 'Edgar the dragon.' We have continued breaking the story into small parts and really thinking about which lenses to use and how we can challenge ourselves with other lenses.

In **Maths**, we have been looking at four operations: addition, subtraction, multiplication and division. We have looked at different methods and used lots of resources to help us understand how it is done. We think that short division method is better because you just need to think how many...go into...and its quite easy.

In **Art**, we have been working on our clay dragon eyes. First we sketched our plans then we started making them. We had to wait one whole week for them to dry! Then the exciting part happened... We got to paint them all sorts of different colours. All of them were amazing!

In **PSHE**, we have been looking at the human body and learning the scientific way of saying the private parts. We have also been learning about keeping ourselves safe... in person and online.

In **PE** we have been practicing our skills in rugby/tag rugby. We have learnt that you cannot dive, take someone else's tag when they are putting one of their tags on, not pushing the ball away from you instead, pocket to rocket. We are really looking forward to playing some class matches.

In **History and Geography**, we have been looking at maps and using coordinates to locate different landmarks. We used laptops and the Digimaps app to find Frimley and compared maps from 1950 and today. We were particularly surprised at how much our school has changed!

In **RE**, we have been learning about God's rescue plan. We looked at different stories from the Bible and created freeze frames. We also created art work to show how different rescues.

In **Music**, we have been learning to use the bells. In classes, we perfected 'Jingle Bells'. You can watch our masterpiece here:
