

Frimley Church of England Junior School

Letter to our Frimley children – Week 2

14th January 2021

Hi everyone,

Well here we are in this funny position where 2/3 of you are learning at home and 1/3 of you are learning in school. I wish you could all be here with us in school but we have got to do what we have been told to do to keep us safe and that is our main priority. It's always my priority when we're all together anyway so now it's a priority for everyone, wherever we are!

For those of you learning at home, we really do miss all of your smiley happy faces but I've been hearing such great things from your teachers about how well you've been doing with all of your learning. Your teachers have also told me how much they're enjoying seeing you for your weekly "live" morning of learning too – it sounds like you've all been chatting about all sorts of things and sharing all of the great learning that you have been doing so keep going and hopefully it won't last too long!

For those of you learning in school, you have adapted so well to being in new bubbles, new classrooms with new staff etc. You're all doing the same learning as those children at home so it's nice to think that when you're watching the teachers pre-recorded teaching videos in school then your friends at home are watching it too!

I hope you all enjoyed Canon Stuart's assembly on Monday. I'll be leading one for you next Monday. When we had our assembly on the first day of term (when we were all in school together!), I introduced our value for this half-term, I wonder how many of you can remember it? It was perseverance which seems perfect for this half-term as we certainly are all needing to show this value every day while things are so different.

Frimley Church of England Junior School

Keep working hard and helping your parents out around the house. Everyone is busy at the moment so every little bit you can do to help will make it a tiny bit easier for those around you.

Remember: every day we are one day closer to everything being back to normal and that's a good thought to wake up to every morning.

Bye for now and keep being your amazing selves.

From Mrs Wright
